

PEQ: Driving Purposeful Stakeholder Engagement

- Engaging internal and external stakeholders with purpose requires the three pillars of knowledge, communication and empathy.
- The **Purposeful Engagement (PE) Quotient** is a highly personal tool for understanding one's own capacity and acts as a mental anchor for internalising the thoughts and habits of purposeful leadership. It helps participants to measure their personal understanding of these three pillars.
- GIFT facilitators are available for one-on-one discussions and to reflect on the results
